

SuperTwist™ joins the **MAGNUM GATORLINE™** family

SUPERTWIST™

SQUARE

ROUND

**MAGNUM GATORLINE™** is an engineered, co-extruded line. The co-extrusion process incorporates a high strength inner core with a weld resistant outer layer for long wearing characteristics. **MAGNUM GATORLINE™** comes in three shapes: round, square and now SuperTwist™.

Count on **MAGNUM GATORLINE™** - the trimmer line that provides excellent wear characteristics, consistent line diameter and high resistance to abrasion, breakage and welding.

The new SuperTwist™ also features:

- Reduction in noise level of 15dB compared with traditional round nylon lines
- Improved cutting efficiency
- Less resistance, reducing engine drag
- Reduced vibration

**Important Trimmer Line Information:** Any monofilament trimmer line can lose moisture over time or become brittle, especially if subjected to heat and sunlight. To reduce brittleness, Oregon Cutting Systems recommends that line be submerged in water for 24 hours when the line appears to become brittle.
